RTD Sensor Head Style HCS 250X6.5RTD1/2NPTHDR

Features:

Type	RTD PT 100
Temperature Coefficient	0.0385
Accuracy	Class A
Protection Tube Material	Stainless steel (A),Copper ETC
Hot Junction	.750 " or less
Temp Range	- 270 to + 500 Deg C
Lead Wire Temp	NA

Remark: Please identify the following items when ordering:

1. Fitting NPT Size 1/8 1/4 1/2 3/4 **1/2" NPT**
2. Thread material (Stainless steel 304 l) **SS 304**
3. Protection Tube Length **6.5" L**
4. Special screw Size can be made to order.
5. Lead Wire Material if applicable **Not Applicable**
6. Spring material, OD, ID and length or SPRING Loaded **NA**
7. Lead Wire Termination **Terminal Head c/w Temp Transmitter
4-20 mA, calibrated to required temp range**
8. Special Options head type **Weatherproof Head**
