Thermocouple Head Style HCS 250X6TCK1/2NPTHDTW

Features:

Type	TC TYPE K in SS Thermo well
Temperature Coefficient	As per TC Type J K T E N R S B
Accuracy	Per TC .25 to 2 %
Protection Tube Material	Stainless steel (A),Copper ETC 304 Inconel Alloy 660 ETC
Hot Junction	.250 " or less
Temp Range	- 328 to + 3092 Deg F
Lead Wire Temp	NA

Remark: Please identify the following items when ordering:

1. Fitting NPT Size 1/8 1/4 1/2 3/4 **1/2" NPT**
2. Thread material (Stainless steel 304 l) **SS 304**
3. Protection Tube Length **6.5" L**
4. Special screw Size can be made to order.
5. Lead Wire Material if applicable **Not Applicable**
6. Spring material, OD, ID and length or SPRING Loaded **NA**
7. Lead Wire Termination **Terminal Head c/w Temp Transmitter
4-20 mA, calibrated to required temp range**
8. Special Options head type **Weatherproof Head**
